

# GitHub Student Developer Pack

**Learn to ship software like a pro.** There's no substitute for hands-on experience. But for most students, real world tools can be cost-prohibitive. That's why we created the GitHub Student Developer Pack with some of our partners and friends.

Love the pack? Spread the word

## Experiences

### Virtual Event Kit

Everything you need for your virtual event. Design for engagement and we'll take care of the tools. The Virtual Event Kit gives students the resources to make running online events simple and accessible.

Offers in this bundle

### About Educative

Level up on trending coding skills at your own pace with interactive, text-based courses.

### Benefit

Get 6 free months of 60+ courses covering in-demand topics like Web Development, Python, Java, and Machine Learning.

[Get access by connecting your GitHub account on Educative >](#)

Get help at [Educative support](#)

### About GitHub

Powerful collaboration, code review, and code management

### Benefit

Free GitHub Pro while you are a student.

[Get direct access on the GitHub website >](#)

Get help at [GitHub support](#)

## About Heroku

A flexible, easy-to-use platform to deploy, run, and manage your apps.

### Benefit

Enjoy a credit of \$13 USD per month for 12 months.

[Get access by connecting your GitHub account on Heroku >](#)

Get help at [Heroku support](#)

## About Visual Studio Code

Microsoft's goal is to empower all students with the best resources and tools as they learn to code.

### Benefit

These coding packs help you download everything you need to start coding in Java, Python, or .NET.

[Get direct access on the Visual Studio Code website >](#)

Get help at [Visual Studio Code support](#)

Bootstrap Studio

## About Bootstrap Studio

Bootstrap Studio is a powerful desktop app for creating responsive websites using the Bootstrap framework.

### Benefit

A free license for Bootstrap Studio while you are a student.

[Get access by connecting your GitHub account on Bootstrap Studio >](#)

Get help at [Bootstrap Studio support](#)

## About .TECH

A powerful domain extension to convey that you belong to the technology industry.

### Benefit

One standard .TECH domain free for 1 year and 2 free email accounts with 100 MB free storage

[Get access by connecting your GitHub account on .TECH >](#)

Get help at [.TECH support](#)

## About GitHub Codespaces

Create a codespace to start developing in a secure, configurable, and dedicated development environment that works how and where you want it to.

### Benefit

Free Pro level access to Codespaces to use anywhere in your account.

[Get direct access on the GitHub Codespaces website >](#)

Get help at [GitHub Codespaces support](#)

## About GitLens

GitLens is the #1 Git extension for VS Code; it unlocks the knowledge within your Git repos to help visualize code authorship by leveraging CodeLens and Git blame. GitLens provides auto-linking and rich hover information for GitHub pull requests and issues.

### Benefit

Free GitLens+ Pro while you are a student.

[Get direct access on the GitLens website >](#)

Get help at [GitLens support](#)

## About GitHub Pages

Websites for you and your projects. Hosted directly from your GitHub repository. Just edit, push, and your changes are live.

### Benefit

Get one site per GitHub account and organization, and unlimited project sites.

[Get direct access on the GitHub Pages website >](#)

Get help at [GitHub Pages support](#)

## About DataCamp

DataCamp helps companies and individuals make better use of data. Our users build data fluency while learning from the world's top data scientists.

### Benefit

Free 3-month individual subscription for students.

[Get access by connecting your GitHub account on DataCamp >](#)

Get help at [DataCamp support](#)

## About Microsoft Visual Studio Dev Essentials

Free developer tools, cloud services and training from Microsoft.

### Benefit

Visual Studio Community, Visual Studio Community for Mac, access to Pluralsight training, 1 free year of Azure services with \$200 credit for the 1st month and more.

[Get direct access on the Microsoft Visual Studio Dev Essentials website >](#)

Get help at [Microsoft Visual Studio Dev Essentials support](#)

## About FrontendMasters

Advance your skills with in-depth JavaScript, Node.js & front-end engineering courses.

### Benefit

Free 6-months access to all courses and workshops.

[Get access by connecting your GitHub account on FrontendMasters >](#)

Get help at [FrontendMasters support](#)

### About Termius

SSH client that works on desktop and mobile. Termius securely syncs data across all your devices.

#### Benefit

Free access to the Premium plan while you're a student.

[Get access by connecting your GitHub account on Termius >](#)

Get help at [Termius support](#)

### About Icons8

Icons8 provides design resources: icons, UI illustrations, photos and software to class up your projects.

#### Benefit

3-month All Access subscription with icons, photos, illustrations, and music.

[Get access by connecting your GitHub account on Icons8 >](#)

Get help at [Icons8 support](#)

## About MongoDB

A general purpose, document-based, distributed database built for modern application developers and for the cloud era.

### Benefit

\$50 in MongoDB Atlas Credits, plus access to MongoDB Compass and MongoDB University including free certification valued at \$150.

[Get access by connecting your GitHub account on MongoDB >](#)

Get help at [MongoDB support](#)

## About Microsoft Azure (for ages 13-17)

Access to Microsoft Azure cloud services and learning resources for students aged 13-17 – no credit card required

### Benefit

For students age 13-17. Free access to Azure App Services, Azure Functions, Notification Hubs, MySQL database from MySQL in-app, Application Insights, Azure DevOps.

[Get direct access on the Microsoft Azure \(for ages 13-17\) website >](#)

Get help at [Microsoft Azure \(for ages 13-17\) support](#)

# Deepnote

## About Deepnote

Deepnote is a new kind of data notebook built for collaboration - Jupyter compatible, works magically in the cloud, and sharing is as easy as sending a link.

### Benefit

Our offer includes free use of the Deepnote Team plan while you are a student. The Deepnote Team Plan includes: Unlimited team members & projects, 30-day version history, unlimited basic machines with up to 5GB RAM and 2vCPU, premium integrations (Snowflake, SQL Server, BigQuery, Redshift, and more), and 30-day revision history.

[Get direct access on the Deepnote website ›](#)

Get help at [Deepnote support](#)

### About Datadog

Cloud-based infrastructure monitoring.

### Benefit

Pro Account, including 10 servers. Free for 2 years.

[Get access by connecting your GitHub account on Datadog ›](#)

Get help at [Datadog support](#)

### About IconScout

IconScout is a design resources marketplace with over 4.9 million icons, illustrations, 3D assets, and Lottie animations.

### Benefit

Free access to 60 premium icons from selected contributors every month for 1 year.

[Get access by connecting your GitHub account on IconScout ›](#)

Get help at [IconScout support](#)

# AlgoExpert.io

## About AlgoExpert

The ultimate resource to prepare for coding interviews. Everything you need, in one streamlined platform.

## Benefit

Free access to 20 coding interview questions on AlgoExpert as well as a 10% discount on all AlgoExpert products.

[Get direct access on the AlgoExpert website >](#)

Get help at [AlgoExpert support](#)

# .scrimba

## About Scrimba

Scrimba is an interactive learning platform for frontend developers.

## Benefit

Level up your coding skills with interactive courses, projects, and challenges. Learn JavaScript, CSS, React, Python, and more. Enjoy 1 month of free access to Full access to Scrimba's Pro courses, projects, and coding challenges, which includes 40+ courses.

[Get direct access on the Scrimba website >](#)

Get help at [Scrimba support](#)

## About Octicons

Octicons is an open source library created specifically for GitHub's UI.

### Benefit

Using Figma designs to build the Octicons icon library

[Get direct access on the Octicons website >](#)

Get help at [Octicons support](#)

## About Polypane

A powerful browser and developer tool that lets developers and designers make better websites and web apps in less time.

### Benefit

Polypane free for 1 year.

[Get access by connecting your GitHub account on Polypane >](#)

Get help at [Polypane support](#)

## About GitKraken

GitKraken Client is the most popular Git client for Windows, Mac & Linux, offering both a GUI and terminal interface. Deep integration with GitHub repos and issues enable interactive pull request management and issue management directly in the client.

### Benefit

Free GitKraken Client Pro (\$59 value) while you're a student.

Get access by connecting your GitHub account on GitKraken ➤

Get help at [GitKraken support](#)

### About StreamYard

The easiest way to create professional live streams.

### Benefit

Free access to the Essential Plan while you are a student.

Get access by connecting your GitHub account on StreamYard ➤

Get help at [StreamYard support](#)

### About Visme

The all-in-one platform for creating engaging and interactive presentations, visual documents, data visualizations, short videos and other branded content you can be proud of.

### Benefit

Get 3 free months free access to Visme's Starter plan.

Get direct access on the Visme website ➤

Get help at [Visme support](#)

# testmail.app

### About Testmail

Get unlimited email addresses and mailboxes for automating email tests with our powerful APIs.

### Benefit

Free Essential plan while you're a student.

[Get access by connecting your GitHub account on Testmail >](#)

Get help at [Testmail support](#)

### About Typeform

Interactive forms, surveys & quizzes to engage and grow your audience

### Benefit

Free professional plan for 1 year.

[Get access by connecting your GitHub account on Typeform >](#)

Get help at [Typeform support](#)

### About DeepSource

Static analysis platform to help you write good code.

### Benefit

Free to use for students enrolled in GitHub Education pack.

[Get access by connecting your GitHub account on DeepSource >](#)

Get help at [DeepSource support](#)

### About Replit

An online IDE that lets you instantly code in over fifty languages. Start learning, building, collaborating and hosting all in one place.

### Benefit

Six free months of private repls.

[Get access by connecting your GitHub account on Replit >](#)

Get help at [Replit support](#)

### About Mailgun

Powerful APIs that enable you to send, receive and track email effortlessly.

### Benefit

20,000 free emails and 100 free email validations each month for up to 12 months.

[Get access by connecting your GitHub account on Mailgun >](#)

Get help at [Mailgun support](#)

# One Month

## About OneMonth

Learn HTML, CSS, JavaScript and Python in just 30 days!

### Benefit

Free 30-day One Month subscription.

[Get access by connecting your GitHub account on OneMonth >](#)

Get help at [OneMonth support](#)

## About GitHub Community Exchange

A student community within the GitHub Global Campus portal. As a student, it's a place where you can get exposure for your project and discover other student repositories in need of collaborators and maintainers.

### Benefit

Learn the skills you need to contribute to open source projects and grow your own portfolio, with GitHub Community Exchange.

[Get direct access on the GitHub Community Exchange website >](#)

Get help at [GitHub Community Exchange support](#)

## About InterviewCake

Interview Cake makes coding interviews a piece of cake with practice questions, data structures and algorithms reference pages, cheat sheets, and more.

### Benefit

Access to the full coding interview prep course for 3 weeks.

[Get access by connecting your GitHub account on InterviewCake >](#)

Get help at [InterviewCake support](#)

PomoDone

### About PomoDone

With PomoDone, hack and track your time and boost your productivity by applying Pomodoro technique to your workflow -- eliminate distraction, sharpen focus and prevent burnout.

#### Benefit

PomoDone Lite plan free for 2-years.

[Get access by connecting your GitHub account on PomoDone >](#)

Get help at [PomoDone support](#)

### About Github Campus Experts

GitHub Campus Experts are students who build technical communities on campus, with training and support from GitHub.

#### Benefit

Apply to become part of the program while you're a student.

[Get access by connecting your GitHub account on Github Campus Experts >](#)

Get help at [Github Campus Experts support](#)

# netwise.

## About Netwise

Turnkey data centre services for the hosting of critical IT infrastructure systems.

## Benefit

Free single unit server colocation package free for 12 months.

[Get access by connecting your GitHub account on Netwise >](#)

Get help at [Netwise support](#)

# stripe

## About Stripe

Web and mobile payments, built for developers

## Benefit

Waived transaction fees on first \$1000 in revenue processed.

[Request your unique link to get access >](#)

Get help at [Stripe support](#)

# CodeScene

## About CodeScene

Learn how to write healthier code, pinpoint and manage tech debt and other code quality issues. CodeScene gives you instant feedback on your code and recommendations based on the best coding practices and latest standards. Integrate CodeScene into your pull requests to get

automated code reviews, set quality gates and only merge quality code. 25+ programming languages are supported.

### Benefit

A free Student account to analyze private GitHub repositories.

[Get access by connecting your GitHub account on CodeScene >](#)

Get help at [CodeScene support](#)

### About SQLGate

Simple but powerful IDE for multiple SQL databases.

### Benefit

Access to most Standard Subscription features for 1 year.

[Get access by connecting your GitHub account on SQLGate >](#)

Get help at [SQLGate support](#)

### About New Relic

New Relic is an observability platform that helps fully understand how to improve your software.

### Benefit

Free New Relic while you are a student. (\$300/month value)

[Get access by connecting your GitHub account on New Relic >](#)

Get help at [New Relic support](#)

## About Twilio

Twilio is a developer platform for communications. Software teams use Twilio APIs to add capabilities like voice, video, and messaging to their applications.

### Benefit

\$50 in Twilio API credits. The credit can only be applied to new Twilio accounts.

[Get access by connecting your GitHub account on Twilio >](#)

Get help at [Twilio support](#)

## HazeOver

Distraction Dimmer

## About HazeOver

Get focused while working on your projects or studying with HazeOver for Mac.

### Benefit

Free app license, including minor updates.

[Get access by connecting your GitHub account on HazeOver >](#)

Get help at [HazeOver support](#)

## About Pageclip

A server for your static websites and HTML forms.

**Benefit**

Free basic plan while you are a student.

[Get access by connecting your GitHub account on Pageclip >](#)

Get help at [Pageclip support](#)

**About Imgbot**

Imgbot is a GitHub App that automatically optimizes your images.

**Benefit**

Free image optimization for all your public and private projects while you are a student.

[Get access by connecting your GitHub account on Imgbot >](#)

**WorkingCopy**

**About WorkingCopy**

Powerful Git client for iPhone & iPad.

**Benefit**

All Pro features for free while you are a student.

[Get access by connecting your GitHub account on WorkingCopy >](#)

Get help at [WorkingCopy support](#)

## About Arduino

Empower scientists and artists of the future with creative STEM programs.

### Benefit

Free Arduino Create Maker plan for 6 months and discounts on selected hardware.

[Get access by connecting your GitHub account on Arduino >](#)

Get help at [Arduino support](#)

## About GitHub Desktop

Reduces frustration and makes Git and GitHub workflows more approachable.

### Benefit

Open Source by GitHub, free for everyone.

[Get direct access on the GitHub Desktop website >](#)

Get help at [GitHub Desktop support](#)

## About GoRails

Tutorials for web developers learning Ruby, Rails, Javascript, Turbolinks, Stimulus.js, Vue.js, and more.

**Benefit**

Free access to all videos and lessons for 12 months.

[Get access by connecting your GitHub account on GoRails >](#)

Get help at [GoRails support](#)

**About Kodika**

Build iOS applications with drag & drop.

**Benefit**

Kodika Unlimited Pro subscription free for 6 months.

[Get access by connecting your GitHub account on Kodika >](#)

Get help at [Kodika support](#)

**About Zyte**

Zyte's Scrapy Cloud is a battle-tested cloud platform for running web crawlers. Manage and automate your web spiders at scale.

**Benefit**

1 Free Forever Scrapy Cloud Unit - unlimited team members, projects or requests. Unlimited crawl time and 120 day data retention.

[Get access by connecting your GitHub account on Zyte >](#)

Get help at [Zyte support](#)

## About Thinkful

Learn Fundamentals of Web Development to launch your career as a developer

### Benefit

1 month of access to a web development course.

[Get access by connecting your GitHub account on Thinkful >](#)

Get help at [Thinkful support](#)

## About BrowserStack

Test your web apps with BrowserStack's Real Device Cloud, which gives you instant access to 2000+ browsers and real iOS and Android devices.

### Benefit

Free Automate Mobile Plan for 1 parallel and 1 user for 1 year.

[Get access by connecting your GitHub account on BrowserStack >](#)

Get help at [BrowserStack support](#)

## About Tower

The Git client that brings all of Git and GitHub's power to the desktop, for Mac and Windows.

**Benefit**

Free license for Tower Pro while you are a student.

[Get access by connecting your GitHub account on Tower >](#)

## About ConfigCat

Learn feature flags with the industry leading feature flag service.

### Benefit

1000 feature flags, ∞ users for free.

[Get access by connecting your GitHub account on ConfigCat >](#)

Get help at [ConfigCat support](#)

## About SimpleAnalytics

Privacy-friendly analytics with a simple interface and API.

### Benefit

Starter plan free for one year, including 100k page views per month.

[Get access by connecting your GitHub account on SimpleAnalytics >](#)

Get help at [SimpleAnalytics support](#)

## About Freshpaint

Integrate your marketing and analytics tools with one click.

### Benefit

Free Freshpaint Growth Plan while you are a student.

[Get access by connecting your GitHub account on Freshpaint >](#)

Get help at [Freshpaint support](#)

### About AstraSecurity

Security suite for your website - firewall, malware scanner & managed bug bounty platform.

#### Benefit

6 month access to website firewall & malware scanner

[Get access by connecting your GitHub account on AstraSecurity >](#)

Get help at [AstraSecurity support](#)

### About Restyled

With Restyled, automatically re-format Pull Requests to have consistent style.

#### Benefit

Run Restyled for free on private repositories while you're a student.

[Get access by connecting your GitHub account on Restyled >](#)

Get help at [Restyled support](#)

## About DeepScan

DeepScan is a platform for building better and more reliable JavaScript apps.

### Benefit

Free 6-month trial while you are a student.

[Get access by connecting your GitHub account on DeepScan >](#)

Get help at [DeepScan support](#)

## About AccessLint

AccessLint brings automated web accessibility testing into your development workflow.

### Benefit

Unlimited use for public and private repositories while you are a student.

[Get access by connecting your GitHub account on AccessLint >](#)

Get help at [AccessLint support](#)

## About Blockchair

Connect to the world of blockchains through Blockchair's professional APIs — supports most major cryptocurrencies.

**Benefit**

100,000 free requests.

[Get access by connecting your GitHub account on Blockchair >](#)

Get help at [Blockchair support](#)

**About Lingohub**

Translation management service for web, desktop and mobile apps.

**Benefit**

Free Professional Plan containing 10,000 text segments for students.

[Get access by connecting your GitHub account on Lingohub >](#)

Get help at [Lingohub support](#)

**About POEditor**

POEditor is a highly scalable localization management platform for teams.

**Benefit**

Plus Plan for free for one year.

[Get access by connecting your GitHub account on POEditor >](#)
